10. Farmland

If you wish to walk over the farmland surrounding The Bungalow, including The Nab, please have a word with Martin Robinson of Henhow, who is the Farm Manager, to say where you would like to go. He will be able to advise you of the best routes as well as areas that you would be best advised to stay away from at certain times of the year.

Do be careful during June when the hinds have small calves as they can be aggressive. Never go near, let alone touch, a deer calf if you happen to come across one as the mother will not be far away. If she can smell human on the calf she will abandon it and it will die.
